

JOIN OUR ACADEMY COMMITTEE AS A COMMUNITY GOVERNOR!

We are pleased to share an exciting opportunity to become more involved in our school community by joining our Academy Committee as a governor.

We are currently seeking enthusiastic volunteers who are interested in joining our Academy Committee. No previous experience in governance is required — training and support will be provided. What matters most is a commitment to making a positive difference for our children and school community.

Community Governors Play a Vital Role In:

- Shaping the direction of the school.
- Supporting leadership.
- Ensuring the best possible education for all our pupils.

It is a rewarding way to contribute your skills, experience, and perspectives to help our school continue to thrive. Being a governor can build your professional skills and networks and provide leadership development whilst making a difference to the community your organisation is connected to.
